

Doxey Digest

Your weekly newsletter from the pupils and staff at Doxey Academy: Friday 13th December

Reception and Nursery dazzled in the 'Wriggly Nativity!' They impressed everyone with their line

memorisation, singing, and stage presence. We are incredibly proud of their hard work and performance. Well done to all the children for making this event a huge success!

This year's 'Nativity Rock' was not just a performance, but a celebration of the spirit of Christmas, teamwork, and the joy of performing. Children smiled, laughed and brought festive cheer to the magical season with beautiful singing. We are incredibly proud of all the children for their hard work, dedication and for truly rocking the stage!

This week, Year 4 explored electrical circuits. They tested materials to see if they were conductors or insulators.

This hands-on learning sparked curiosity and excitement, enhancing their understanding of electrical properties. The enthusiasm was evident as they made predictions, conducted tests, and discussed their findings.

Year 1 in computing have been exploring the use of robots in everyday life such as robotic lawnmowers. They then explored the controls on the robots to try and make them move.

Nursery have been joyfully preparing for Christmas by decorating the tree and singing festive songs.

Their excitement and creativity have filled the classroom with cheer!

Mrs Talbot

Next week we say goodbye to Mrs Talbot who will be leaving us at Christmas to work at another school within the Trust. We will miss her lots and wish her all the best at her new school.

Reception Applications

Nursery parents—Please remember you need to apply for Reception places. Pop in to the office if you need help with this.

Dream Big. Fly High!

The children have shown great self-belief this week as they performed in their Nativities.

Message from the Head

What a fantastic week filled with performing. EYFS and KS1 have enjoyed their Nativities whilst Year 5 hit the high notes visiting a recording studio in London.
